SUMMARY

Passionate and detail-oriented Web Developer with a strong focus on front-end and full-stack development. Experienced in building responsive, user-focused applications using React.js, Next.js, JavaScript, and TypeScript, while also skilled in backend technologies including Node.js, Express, and MySQL/MongoDB. Proficient in creating fully editable CMS platforms, business websites, and real-world applications such as real estate, booking systems, and e-commerce platforms. Committed to writing clean, maintainable code, improving UI/UX, and continuously adopting modern web development best practices.

EXPERIENCE

Web Developer (Internship)

IBS Technologies (IBS-TEC)

4/2025 – Present Lahore, Pakistan

- Collaborating with senior and principal engineers to build scalable, modern web applications across domains like Business Portfolio, Real Estate, Booking systems, HR platforms, and CMS tools.
- Developing responsive front-end interfaces using HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.js, Next.js and Redux Toolkit—enhancing UI consistency and accessibility.
- Building secure, efficient backend APIs using Node.js and Express.js, with authentication via JWT and data management using MySQL
- Contributing to cross-functional projects focused on performance optimization, usability, and scalability in real-world business scenarios.
- Supporting WordPress-based development using Elementor for client-facing websites with modern, user-friendly design.
- Writing clean, maintainable code and following modern development best practices to ensure team productivity and project success.

- Programming Languages:** JavaScript (ES6+), TypeScript
- Frameworks & Libraries:** Next.js, React.js, Express.js, Node.js
- Database:** MySQL, MongoDB
- Developer Tools:** Git, GitHub, Postman

PROJECTS

Custom CMS for many Platforms

Built multiple dynamic CMS systems to manage website content like tour bookings, blogs, images, cards, text and blogs custom editor. Admin panels allow complete control over the site's content in real time.

(Tech Stack: Next.js, React.js, Express.js, MySQL)

Real Estate Management Platform

Created a real estate web app with a front-facing portfolio and an admin dashboard to manage properties (add/edit/delete), and users. Secure login, responsive layout, and optimized performance included.

(Tech Stack: React.js, Express.js, MySQL)

Business Portfolio Websites

Developed several multi-page portfolio websites for businesses with pages like Home, About, Services, and Contact. Integrated responsive design and SEO best practices.

(Tech Stack: Next.js, React.js, Express.js, MySQL)

Basic E-commerce Website

Designed and developed a lightweight e-commerce site with product management and responsive UI. Integrated authentication, dynamic pages, and clean UX flow.

(Tech Stack: React.js, Express.js, MySQL)

Frontend Projects

Built various responsive frontend projects using modern UI technologies and libraries focused on performance and clean design.

(Tech Stack: React.js/Next.js, Tailwind)
