SUMMARY

Passionate and detail-oriented Web Developer with a strong focus on front-end and full-stack development. Experienced in building responsive, user-focused applications using React.js, Next.js, JavaScript, and TypeScript, while also skilled in backend technologies including Node.js, Express, and MySQL/MongoDB. Proficient in creating fully editable CMS platforms, business websites, and real-world applications such as real estate and booking systems. Committed to writing clean, maintainable code, improving UI/UX, and continuously adopting modern web development best practices.

SKILLS

Programming Languages: JavaScript (ES6+), TypeScript
Frameworks & Libraries: Next.js, React.js, Express.js, Node.js
Database: MySQL, Mongodb
CMS: Wordpress
Developer Tools: Git, GitHub, Postman

EXPERIENCE

- ### Junior Full-stack Developer
  📅 7/2025– Present 📍 IBS Technologies (IBS-TEC)
  - Working as a JavaScript Website Developer building modern, scalable web applications with a strong focus on frontend quality and full-stack functionality.
  - Developing responsive, high-performance user interfaces using Next.js, JavaScript, TypeScript, Tailwind CSS, and Bootstrap.
  - Building secure and efficient backend APIs with Node.js and Express.js, implementing JWT-based authentication.
  - Designing and managing databases using MySQL and MongoDB for real-world business applications.
  - Developing custom CMS platforms enabling real-time content management (blogs, images, cards, bookings, and admin panels).
  - Contributing to projects across Business Portfolios, Real Estate platforms, Booking systems, HR tools, E-commerce solutions, and WooCommerce-based stores.
  - Supporting WordPress development with Elementor and WooCommerce, delivering editable, client-friendly websites with modern UI/UX and dynamic product management.
  - Writing clean, maintainable code while following best practices to improve performance, scalability, and user experience.

- ### Website Developer (Internship)
  📅 4/2025 – 7/2025 📍 IBS Technologies (IBS-TEC)
  - Collaborated with senior and principal engineers to build scalable, production-ready web applications across multiple domains.
  - Developed responsive front-end interfaces using HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.js, Next.js, and Redux Toolkit.
  - Built backend APIs using Node.js and Express.js, with secure authentication and data handling via JWT and MySQL.
  - Contributed to cross-functional projects focused on performance optimization, usability, and scalability.
  - Assisted in WordPress-based development using Elementor, creating modern, user-friendly client websites.
  - Followed modern development best practices to ensure code quality, maintainability, and team efficiency.

EDUCATION

- ### Bachelor's in Computer Science
  Virtual University
  📅 7/2024 – Present   Latest CGPA: **3.5**   📍 Lahore, Pakistan

- ### Intermediate in Commerce
  GCU (BISE Lahore)
  📅 2021 – 2023   Score: **76.8%**   📍 Lahore, Pakistan

- ### Matriculation in Computer Science
  Govt. City District (BISE Lahore)
  📅 2019 – 2021   Score: **90.2%**   📍 Lahore, Pakistan

PROJECTS

- ### Custom CMS for many Platforms
  Built multiple dynamic CMS systems to manage website content like tour bookings, blogs, images, cards, text and blogs custom editor. Admin panels allow complete control over the site's content in real time.
  (Tech Stack: Next.js, React.js, Express,js, MySQL)

- ### Real Estate Management Platform
  Created a real estate web app with a front-facing portfolio and an admin dashboard to manage properties (add/edit/delete), and users. Secure login, responsive layout, and optimized performance included.
  (Tech Stack: React.js, Express.js, MySQL)

- ### Business Portfolio Websites
  Developed several multi-page portfolio websites for businesses with pages like Home, About, Services, and Contact. Integrated responsive design and SEO best practices.
  (Tech Stack: Next.js, React.js, Express.js, MySQL)

- ### Basic E-commerce Website
  Designed and developed a lightweight e-commerce site with product management and responsive UI. Integrated authentication, dynamic pages, and clean UX flow.
  (Tech Stack: React.js, Express.js, MySQL)

- ### Frontend Projects
  Built various responsive frontend projects using modern UI technologies and libraries focused on performance and clean design.
  (Tech Stack: React.js/Next.js , Tailwind)

CERTIFICATIONS

- ### MERN Stack Development (Bootcamp)
  Nexskill (Arfa Karim Tower, Lahore)

- ### Intro to Python and Problem Solving
  Knowledge Stream (Township, Lahore)
