PROFESSIONAL SUMMARY

Junior Full-Stack Developer with 1+ year of hands-on experience developing and deploying responsive, scalable web applications using Next.js, React.js, JavaScript, TypeScript, Node.js, and Express.js. Delivered 15+ production projects, including custom CMS platforms, recruitment portals, real estate management systems, business websites, and WooCommerce stores. Experienced in RESTful API development, MySQL database design, authentication, state management, responsive UI development, performance optimization, and production deployment. Strong frontend expertise with solid backend development knowledge, comfortable working across the full stack and adapting quickly to fast-paced project requirements.

WORK EXPERIENCES

Junior Full-Stack Developer | Full-time

Jul 2025 - Present

IBS Technologies (IBS-TEC)

On-site • Lahore, Pakistan

- Developed 5+ **full-stack applications** using Next.js, React.js, TypeScript, and RESTful APIs, including recruitment portals and admin dashboards.
- Implemented 10+ **features** including SSR, CSR, e-signatures, API integration, responsive UI, and client-side state management.
- Developed and customized 2+ **WooCommerce stores** using WordPress and PHP, with product management and e-commerce functionality.
- Applied **Microservices, Monolithic Architecture, database indexing**, and performance optimization concepts across multiple full-stack projects.
- Applied advanced **JavaScript/TypeScript concepts** including lexical scoping, closures, promises, async programming, and the event loop.

Technologies / Skills Used : Next.js, React.js, Express.js, Node.js, MySQL, WordPress

Website Developer Internship | Internship

Apr 2025 - Jul 2025

IBS Technologies (IBS-TEC)

On-site • Lahore, Pakistan

- Developed 3+ **full-stack web applications** using the MERN Stack (MongoDB, Express.js, React.js, Node.js) with responsive and reusable UI components.
- Integrated 10+ **RESTful API endpoints**, implemented Redux Toolkit for state management, and handled frontend-backend data communication.
- Implemented JWT-based authentication, protected routes, and role-based authorization across 3+ **application modules**.
- Used Git, GitHub, Postman, and Vercel for version control, API testing, debugging, and deployment of 3+ **web applications**.

Technologies / Skills Used : React.js, Express.js, Node.js, MySQL, Express, Tailwind CSS

PROJECTS

Custom CMS Platforms | Website

- Developed and maintained 3+ **custom CMS platforms** for managing blogs, image galleries, bookings, and dynamic website content in real time.
- Implemented 15+ **CMS features** including CRUD operations, RESTful APIs, authentication, database integration, and responsive admin dashboards.

Technologies / Tools Used : Next.js, React.js, Express.js, MySQL

Recruitment Platform

- Developed an 11-step **recruitment web application** with candidate registration, application management, approval workflows, and role-based access control.
- Implemented 10+ **RESTful API endpoints** for database integration, document uploads, email notifications, and automated candidate status updates.

Technologies / Tools Used : React.js, Next.js, Tailwind

Business Portfolio Websites | Website

- Developed and deployed 7+ **multi-page business websites** with responsive, mobile-first designs and optimized user experiences across devices.
- Implemented SEO best practices, performance optimization, reusable components, API integrations, and cross-browser compatibility across **multiple projects**.

Technologies / Tools Used : Next.js, React.js, Express.js, MySQL

Real Estate Management Platform | Website

- Built a full-stack real estate platform with 50+ **property listings**, public-facing pages, and property management functionality.
- Implemented property search, filtering, database integration, responsive UI, and RESTful APIs across 5+ **core modules**.

Technologies / Tools Used : React.js, Express.js, MySQL

WordPress & WooCommerce Websites | Website

- Built and customized 2+ **WooCommerce storefronts** with dynamic product management, responsive layouts, and optimized e-commerce user experiences.
- Implemented product listings, category management, payment integration, shipping configuration, and 5+ **core e-commerce features**.

Technologies / Tools Used : WordPress, WooCommerce, Elementor, HTML, CSS, JavaScript

SKILLS

Databases :	MySQL, MongoDB
Frameworks & Libraries :	React.js, Next.js, Express, Node.js
Programming Languages :	JavaScript (ES6+), TypeScript, HTML5, CSS3, Python, C#, C, C++
AI Tools & Platforms :	Git, GitHub, Postman, Vercel, Claude.ai, ChatGPT
CMS :	Wordpress, Shopify
Soft Skills :	Problem Solving, Communication, Time Management, Collaboration

EDUCATIONS

Year	Degree	Institute	CGPA/MARKS
Jul 2024	Bachelor's in Computer Science	Virtual University	3.02
